1. H3A and H5 cargo trucks continue to be produced at Iawa-Werdau, but are stored because the Horch-Zwickau engines are not delivered in sufficient numbers. The production of small alert cars for the Volkspolizei has been suspended.
2. The three street railway trains for Warsaw cannot be delivered on schedule. Delays have also been encountered in the production of electric buses. There are four completed buses standing in the plant on which coils burned out on their test runs without loads. The engines were delivered by the Elektromotorenwerk Wernigerode.
3. Two road inspection cars with Diesel engines were delivered recently to the Czechoslovak national railways.
